C2 Website

On behalf of the C2 Committee, we wish to express our sincere appreciation for the involvement, input and insights from all parties over the past three (3) years. Our Committee, comprised of committed, passionate and dedicated members of ATA Local 38 and Calgary Board of Education employees, is grateful for the quality and quantity of responses provided throughout the time of our mandate.

For the thousands of survey respondents, responses, thoughts and stars, we are truly thankful. This link will take you to a webpage with the results from the most recent C2 Survey.

Your responses provided ATA Local 38 and all Calgary Board of Education parties – senior Administration, Chief Superintendent and Trustees, employees, and Committee members – with invaluable information about teacher workload and efficacy. Moreover, that information and the processes used to collect, report, and disseminate information, was done in a highly collaborative, respectful and positive manner. As such, the relationships between and among all parties have been enriched and enhanced. We look forward to these relationships as well as the collaborative focus on teacher workload and efficacy to continue to better our shared work and responsibilities related to public education in Calgary.

Jeannie Everett, Superintendent Learning, C2 Co-Chair

Matt Christison, Principal, Robert Thirsk High School, C2 Co-Chair
