

# Avieneet Dhillon

## For Local Vice-President

I'm Avieneet Dhillon, and I am running for Vice President of Calgary Public Teachers, Local 38. As the largest local, I believe we have the ability to help shape the direction of both the association and the Local. Those who came before me have laid the groundwork to ensure our Local is heard, and I am committed to continuing that work, not only at the provincial level, but local as well. My platform is to recognize and explore the intersection of **student success** and **educator wellness**. **Honest representation, community, and accountability** are key to growing the impact of our Local, strengthening our relationship with the collective, and ensuring **members' voices are heard**. Together we can bridge the gap to make meaningful change toward creating a culture of **balanced and sustainable work for educators**.
