## FOR LOCAL PRESIDENT

I'm MJ and I'm running for President of Calgary Public Teachers, Local 38, because I believe teachers deserve an association that empowers them to lead, in their schools, in our Local, and across Alberta. With more than 9000 members, Local 38 has the strength and the experience to influence provincial decisions that affect our classrooms daily. My platform is to **build capacity, strengthen teacher voice, and ensure Local 38 members feel supported and represented.** Together, we have the ability to shape our association at the local level. One that is **accountable, representative, and connected** to the realities of our work.
