

Local 38 Antiracist Teachers Network

RACIALIZED TEACHERS

AFFINITY SPACE

A Racialized Staff Affinity Space is a space where BIPOC educators can come together to find support, connection and inspiration. These spaces provide targeted and necessary support to educators facing unique challenges in their workplace because of their race. The Anti-Racist Teachers Network is hosting monthly opportunities for Racialized educators within Local 38, to gather together and heal in community.

We hope to create opportunities for Racialized educators to connect with colleagues from similar backgrounds and contexts and to learn more about racial identities, languaging the unique experiences of racialized staff, and create space for care and joy.

If you are interested in attending a **Racialized Teachers Affinity Space Meeting**, please fill out the form below.
