

ANTIRACIST TEACHERS NETWORK

The Antiracist Teachers' Network is an open sub-committee from the Local 38 Diversity, Equity, and Human Rights Committee, designed to help support educators who are passionately engaging in antiracism work by creating opportunities to connect with antiracist leaders across the system. The ATN works together to create antiracism learning opportunities and resources for all Calgary Public Teachers.

If you are interested in joining the Antiracist Teachers' Network, please fill out the form in the QR code to be added to our mailing list. The ATN meets virtually once a month on Thursday evenings, with opportunities to meet more frequently, depending on other project commitments, or professional learning opportunities.

Any questions can be directed to local38atn@gmail.com
