

# You are the **ECON\$MY**

Six lessons to explore **personal finances** and **economics** across the curriculum.

Designed  
for Grades  
**7-12**

1

## THINKING LIKE AN ECONOMIST

Introduce key economic concepts and financial decision-making through comic strips and a video.

2

## BUILDING BUDGETS

Balance a household budget with the help of an infographic and a simulation activity.

3

## CONNECTING CANADIAN INDUSTRIES

Uncover the relationships between different industries using manipulatives.

4

## DECODING CANADIAN ECONOMIC DATA

Analyze graphs and charts of Canadian economic indicators to develop data literacy skills.

5

## TRACING CANADA'S PLACE IN THE WORLD

Explore historical economic data using a data visualization tool.

6

## INVESTING WISELY

Determine your risk tolerance for investments with a quiz and a simulation.
