

# Women in Leadership

## Networking Event #2

The Local 38 Women in Leadership Committee cordially invites all members who are women leaders and aspiring leaders to the second networking event of the school year.

We are excited to have **Dr Elissa Corsi**, Associate Executive Secretary at the Alberta Teachers' Association present: Women in Educational Leadership at the Intersections of Gender.

The progression of women through the teaching profession is significantly different than that of men and reinforces the importance of bringing women into the policymaking process. As the late justice Ruth Baden Ginsburg said, "Women belong in all places where decisions are being made. It shouldn't be that women are the exception." Dr Corsi will present research findings and host a collaborative dialogue around policy-making and personal experiences with career progression.
